ABOUT US

# What is *Royal Sunset Paradise?*

*A destination management company built on local mastery and international precision.  
Royal Sunset Paradise is El Salvador's full-service DMC for the world's most discerning travel partners.*

We design and deliver bespoke experiences, corporate travel, incentive programs, retreats, and complete destination logistics across El Salvador — for travel advisors, tour operators, event planners, and corporate buyers who need a partner they can trust without ever setting foot on the ground themselves.

Every itinerary we build carries the same signature: deep local relationships, meticulous execution, and the discretion and polish our international clients expect as standard.

## **Local Expertise**

Native knowledge of El Salvador's regions, suppliers, and hidden addresses — built over years on the ground, not from a directory.

## **Trusted Supplier Network**

Vetted hotels, private guides, chefs, drivers, and venues across the country, secured on preferential terms.

## **End-to-End Management**

From first inquiry to final farewell, one point of contact carries the entire journey.

THE DESTINATION

# Why Host Your Retreat In *El Salvador*?

*Central America's most exciting emerging destination.*

## 01 UNCROWDED & PEACEFUL BEACHES

---

Where Costa Rica and Bali have long surrendered their solitude to popularity, El Salvador's Pacific coastline remains remarkably unspoiled. Here, your guests will discover the rare gift of true stillness — the kind of space and silence that genuine digital detox and deep restoration require.

## 02 EXCEPTIONAL VALUE

---

From volcanic highlands to black-sand Pacific beaches, El Salvador offers landscapes that feel cinematic and sacred. Your guests will wake to sunrise over volcanoes, meditate to the sound of the Pacific, and witness skies unmarked by crowds.

## 03 PROXIMITY TO THE CAPITAL

---

The country's finest retreat settings — along the La Libertad coast, in El Sunzal and Mizata — sit just 60 to 90 minutes from Comalapa International Airport (SAL). Your guests arrive rested, not road-worn.

## 04 WORLD-CLASS ADD- ON ACTIVITIES

---

Your attendees can balance mindfulness with active adventures. The country is world-renowned for its warm, consistent surf breaks, allowing you to offer holistic surf and yoga packages, volcano hikes, and tours of family-owned coffee plantations.

## 05 SAFETY AND TOURISM GROWTH

---

Considerable advances in national security and infrastructure have quietly positioned El Salvador at the vanguard of boutique and sustainable travel — a destination as safe as it is serene, and still graciously free of the crowds that trail more familiar destinations.
